

*In celebration of 25 years
helping clients to build their dreams*

ALIQUOT ASSOCIATES, INC.

Build On Our Experience

As one of the Bay Area's most respected and creative engineering firms, we provide engineering design, land planning, land surveying, technical assistance, regulatory support, and project management to a wide array of clients. Our firm's mission is to help each one of our clients succeed and we accomplish this objective by developing a successful strategy to navigate the project through the numerous regulatory agencies.

More about us

We apply a multi-disciplinary approach to all of our projects to ensure success for our clients. **Our team combines a deep understanding of municipal and environmental regulation combined with the technical expertise for project approval.** We utilize this strategy because no project can take off without project acceptance and full regulatory approval.

At **Aliquot**, we are dedicated to committing our company's resources to your cause. Through our multidisciplinary approach, we are able to partner with you through every step of your project. **This practical, hands-on approach has made Aliquot one of the most successful engineering firms in the area.**

Our expertise

We provide a full spectrum of engineering services in the following arenas:

- Residential subdivisions
- Commercial site plans
- Public works improvements
- Boundary and topographic surveying
- ALTA surveys
- Construction staking
